

# Maxi-Cosi Priori

Side Protection System

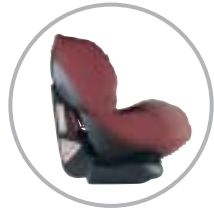

# Priori with Side Protection System

From approx. 9 months to 4 years of age

Practical belt hooks.

Reclinable, four positions.

Better protection against side impact accidents.

The Priori with Side Protection System is specially developed for toddlers and pre-schoolers weighing approx. 9-18 kg (approx. 9 months to 4 years of age). The specially constructed headrest which includes shock absorbing components, offers extra side impact protection. The priority here is given to the safety, comfort and ease of use for which Maxi-Cosi is so famous.

Naturally child car seat safety goes hand in hand with correct installation in the car. That's why we have made the Priori extremely easy to use and install in virtually any car in any seat, where a 3-point safety belt is available. Due to the compact and lightweight design the Priori can be easily transferred from one vehicle to another.

## Priori SPS & Priori XP & PrioriFix accessories

### Universal Holder

Thanks to the universal holder, your child has everything close at hand when seated in the car. This universal holder will hold everything from a beaker to a variety of small toys. This holder is available in two colours.

63900080 **Black**  
63900300 **Navy**  
63900400 **Silver**

### Support Pillow

This special support pillow is for children, who still need a little bit of support. The soft, terry towelling pillow is simple to attach and can be easily removed for cleaning (not available for Priori XP).

### Playtray

Your child will never be bored with the play tray which offers a play wheel, rattle and ringing telephone. The playtray is suitable for children from approx. 9 months and has easy fastening.

64000010 **Playtray**

### Summer Cover

This summer cover offers relief in hot weather. The absorbing terry cloth feels nice and cool and is easily washable. The summer cover can be fitted over the existing cover on the Priori and Priori XP.
